

Make a Space!

From crafting to coding, our Makerspace will have the tools and materials you need to explore your creativity and curiosity.

- 3D Printer
- Robotics kits
- Coding and design software
- Monitors for instruction and presentation
- iPads
- Wide scale laminator
- Wide format printer
- Film to digital converter
- Photography supplies
- Sewing machine, fabric and thread
- Felting and textile crafts
- Knitting needles and yarn
- Art supplies including paper, paints, and markers
- Glue guns
- Hand tools
- And more!

Calling all makers!

Join us as we transform our Children's Craft Room into a family-friendly Makerspace. Your contribution will help us create this interactive and flexible space, and stock it with resources and materials that encourage creative and innovative technology and crafting experiences.

We need your help.

We anticipate the cost to purchase tools, technology and materials to be \$27,000.

You can donate at www.fplf.org/donate-now or by check payable to the Framingham Public Library Foundation and mail it to FPLF, 49 Lexington Street, Framingham, MA, 01702. Please contact Ruth Winett at 508-877-1938 or rwinett@rcn.com for more information.

Innovate, Create, Collaborate!
What will you make?
